In 1994, he left Alberta Agriculture to work in the private sector for a number of years, before rejoining the team in 2003, as a Beef and Forage Specialist at the Ag Info Centre in Stettler, AB. Barry went on to complete his MSc in Animal Science, specializing in nutrition, in 2009, which included evaluating the amount of feed waste by various feed delivery systems and the impact it had on the quality of feed consumed.
